New Advertisements To-Day.

Cow and Calf Strayed—L. Hansen.

Partner Wanted—Address "B" Box 3, P. O. Box 3, Titusville, Pa.

Plum Treeing—Charles Schuler.

Nurse Girl Wanted—At 57 Perry-street.

The Producers Mass Meeting.

The call for a producers meeting in another column will attract attention from Titusville to Fairview. The situation is a grave one, and the most practical minds of the Region should be addressed to the discovery and enforcement of an adequate remedy for the evil under which the whole Region suffers, to wit: The low price of oil.

The proceedings of the meeting, and the action determined upon, will be awaited with deep and general interest.

Republican Rally.

There will be a grand Republican Rally in this city on Thursday evening next. The Hon. W. W. Ketchum, and W. T. Hines, will address the meeting. They are able and eloquent speakers. The Executive Committee will announce the proper arrangements tomorrow.

TORROR TORTURE YESTERDAY.

Ice tea is sanitary these hot days.

Fans were in great demand yesterday.

This is a year of good crops and of plentiful harvests.

It was ninety-four in the shade yesterday for two hours, right along.

It was 72 in the moonlight at five minutes past twelve o'clock midnight.

The Citizens Cordeled the weather last evening and inhaled in a drill.

SEVENTY-THREE in the thermometer figure at half-past ten last night.

GNATS were not collecting last night, and presented a bill to everybody. There was a good deal of clapping of hands over bloody clowns.

On account of the Republican meeting advertised to be held here on Thursday evening next, there will be no Club meeting (this Tuesday) evening.

No person should drink more than a quart of ice water at a draught such weather as this. If they try it once they'll find repetition an impossibility.

STRAW—On the Saturday night train from Oil City to Titusville a vote was taken, with the following satisfactory showing: Grant, 82; Greeley, 45; neutral, 30; Wood-bill, 4.

Dr. Young will be absent from the city until Friday next. A telegram received by him yesterday announces the sudden death of his father, Col. David Young, of Detroit, Michigan.

There is trouble in the earth and sky, earthquakes and tornadoes, killing and devastating floods. Is the planet played out, and is the terrible day of dissolving Nature at hand?

To the joy of a community panting for a breath of cool air, began to fall about half-past eight o'clock last evening. There was a sudden dropping of the mercury and everybody felt more comfortable.

THERE was a big "swimming in the Pine Street sewer yesterday, while the men were at dinner. Had they been in the sewer at the time of the occurrence they might have been crushed by the falling earth and timber.

MAXFIELD, Ohio, is about to reject in water works, as well as Titusville, but we hope we shall be more fortunate than the Buckeyes. We see that they have made several tests there. A number of pipes have burst, but have been replaced.

THE Titusville Citizens' Corps have been fortunate in securing a lease for two years from Abbott & Deane of the old Bliss Opera House on Pine street. The stage will be removed, and the interior fitted up with drill room, armory and officers quarters.

WILLIAM C. MOBLEY, Esq., a distinguished member of the Titusville club, is lecturing at Chautauqua Lake. He has accepted an invitation to speak at Roseville in the course of a week or so, and the following night in this city. Grand, of course!

NEW GIVE BOLDER FOR THE CITY GIVE WORKS.—A force of tank builders arrived in this section on Saturday last, and are busy to build the new gasometer for the City Works. The work will be pushed with all due dispatch, and it is expected that it will be finished in about six weeks.

EMERSON is now going to rebuild on the site of his former house destroyed by fire. It will cost only forty-five hundred dollars. The wealth will be his books and pictures, his great and high thoughts, and not in ornate, frescoing, rich woods, or marble. Emerson's work is as long as America's, as long as the language itself. They are full of the noblest character and highest life of the mind.

FIRE AT GREENVILLE, PA.—A special dispatch to the *Pittsburgh Courier*, dated Sunday last, says: "About three o'clock this morning a fire broke out in the extensive wagon and carriage factory of McDevitt and Cook. The most strenuous efforts of the fire department and citizens served to confine the fire to the building in which it started, which was about half destroyed, and the same proportion of the stock, including carriages, was destroyed. Total loss about \$5,000. The building was insured for \$2,000 in the Lycoming Mutual, of Muncy, Pa.; no insurance on the stock. The fire is supposed to have been the work of an incendiary."

SILVER MINING INVESTMENTS.—We had a call from an old townsman, Mr. Charles L. Loeber, of Saturday, who has been in Utah, where he is engaged in mining operations. The Silver Mines of this territory, are celebrated the world over, but they have hitherto enlisted English, more than American capital. Mr. Loeber is the owner of 13 miles situated in Hingham county, twenty-five miles southwest of Salt Lake City. He seeks capital to carry on developments. He has with him maps, deeds, specimens of silver ore, and base bullion. Some of the specimens contain over 90 per cent. lead and 10 per cent. of silver, while one goes even higher, both in lead and silver. Several old men have induced Mr. Loeber to stop here, on his way to New York, and he will be at the Parush House for a day or two, before he returns to his mining, and to all who will call on him.

MR. W. W. KANGA, the gentlemanly conductor of the city on Monday evening last, between Corry and Pittsburgh, has made many friends during his connection with the road in his present capacity. Sometime since Mr. N. Dunham, of this city, while coming down the road, he had been told of a valuable diamond pin. The loss was felt by him more deeply on account of the associations connected with the pin, giving it a value to him as a memento, far beyond any intrinsic value. He daily advertised in a short time Mr. Kanga, sent word to him that the pin was in his hands and would be restored at the first opportunity, and shortly thereafter Mr. Dunham rejoined in the possession of his lost treasure. In his card of advertisement he had specified a handsome sum for the recovery of the pin, but when he told Mr. Kanga the money he found Mr. K. was not of that class of men who return lost property for the reward, but one who finds in virtue its own reward.

NOTICE.—Certain pine certificates issued by the New York and Allegheny Oil Co., which have been cancelled and redeemed by the delivery of the oil, are now being sold by the company, and all persons are hereby notified to purchase or negotiate for any certificates of the company prior to August 18th, 1872, without first communicating with this office for a reward.

Supt. N. Y. & Allegheny Oil Co.

Proceedings of the School Board.

Aug. 17, 1872. Board met pursuant to adjournment. Present—Messrs. Phelps, Minor, Strauss, Smith and Henderson.

Minutes of previous meeting read and approved.

Several proposals were received for building a school house on Elm and Third streets, which were read and placed on file, and further action in regard to the same postponed for two weeks.

The Committee on Teachers made the following report, viz:

"In reference to the petition of Charles Broad and others, desiring that instruction in German be given in our public schools, the Board is referred to the Committee on German language was some time ago adopted as one of the optional studies of the course of instruction, and so remains; but, owing to special and temporary causes, actual instruction in it has been suspended for some months past."

"The committee recommend that it be resumed as soon as suitable arrangements can be made therefor."

"S. Minor, Chairman."

On motion of Mr. Strauss, the report was adopted.

On motion of Mr. Strauss, Miss Lydia Norton was elected to the position of teacher for the next term, at a salary of \$50 per month, all the members voting aye.

On motion of Mr. Minor, Hooker's Chemistry and Wayland's Political Economy were adopted as text books.

The following bills were ordered paid, viz:

Bill of S. W. Falkenberg for shade trees, \$300.

Bill of J. D. Jones for cash paid for recording two deeds, \$5.00.

Bill of M. W. Chase for furniture, \$108.00.

Bill of Producers and Manufacturers' Bank for money overdrawn and interest charged, \$1,586.00.

The motion of Mr. Minor, the following calendar was adopted:

First term to commence on the first Monday in September, and to continue sixteen weeks.

Second term to commence first Monday in October, and to continue sixteen weeks.

Third term to commence first Monday in November, and to continue sixteen weeks.

Adopted to meet on Friday, 24th inst., at 8 o'clock p. m.

W. M. HENDERSON, Secretary.

A Barring Indiction.

"Over ninety in the shade!" Gosh!

That's what a swimming mother exclaimed yesterday, while she was bathing her child in the front of the Post Office. Haze heads of sweat rolled down his burning cheeks and dropped from his chin until his shirt bosom was like a sponge thoroughly saturated with water. All the while he pined his hands with a towel, and made a vigorous effort to check the flood of perspiration which almost threatened to submerge him. Finally he gave another look at the thermometer and with a sigh moved slowly away with a great drop of sweat hanging pendant from his nose. A large number of persons witnessed the incident, and all agreed that the old gentleman's "Gosh" took in the entire thermal situation. The sunny sides of the house were as hot as the old gentleman's, and the sidewalks shimmered as the perspiration from the passing multitude collected with it. It was a hot day, and no mistake. Everybody sweltered except the mud in the streets, which showed a disposition to dry and crack up. If it had done so, the public misery would have been complete.

A Card.

I see in yesterday's issue of the *Courier* an article from E. G. Patterson, charging me with the authorship of a communication published in the *Standard* of August 14th. The charge is untrue. I did not write the communication—it was handed me just as I was leaving the city and I did not read it previous to its publication, and did not know of its content until it appeared in the *Standard*. But I do know its author; it is not Roberts nor any of his agents. Whether he is responsible or not, I think from the fact of its having stirred up some of the honorable gentlemen of the committee it must contain a lie.

W. B. ROBERTS.

New Books.

"Story of a Millionaire" and "The White Rose," are the titles of two new novels from the press of D. Appleton & Co., New York. They are in hands-on file. The former is a translation from the German of L. Muhlbach, and the latter is a novel by the author of "The White Rose," a picture of good society, very fascinating and highly finished. At Hurdis.

THE TITUSVILLE CITIZENS' CORPS

held its regular weekly meeting last evening at Keown's Hall, President Patterson in the chair. Mr. G. W. Deane was elected a life-member. Messrs. P. W. Garfield, Lammie and others were elected honorary members, and Mr. E. H. Tomlinson was elected an active member. The resignations of Mr. John Porter as Secretary and Mr. W. P. Howe as an active member were accepted. Mr. Samuel Grunwald was elected Secretary, and Mr. J. C. Reardon, Vice President resigned.

A dispatch and letter from Mr. H. B. Reardon at Meadville, was read, extending an invitation from General H. S. Hunkoover for the corps to join in the review at Erie, on the 24th inst. The question in the matter was deferred one week.

The Committee on Armory thought J. W. Dewhirst, its Chairman, reported that Union Hall could be obtained for a term of one and a half or two and half months, with privilege to make all necessary changes to adapt it to the use of the corps. The report was accepted and adopted, and the Board of Officers directed to take a lease of the premises.
